

Security level: CLASSIFIED

Operation: Is North, North?

Active Agents: Spyology Squad

Mission Start Date: Immediate

Background Info: Dr. Stinky Breath and the purple ninjas have figured out a way to change the magnetic poles. We have hopefully stopped them and returned the poles to the correct position, but we need you to confirm that North is still North.

Assignment: Use a compass to locate North

Phase 1: Find a compass (there may be one on your parents phone)

Phase 2: Locate the North position. Take 10 steps north and confirm you are still facing north. Repeat for East, South and West.

Phase 3: Now do you smell anything extremely stinky? Is there an excessive amount of animal poops?

Report all your findings back to HQ.

We are counting on you, Agent.

Mr. Jim
Spyology Squad Director
